

SD Max Local

SD Card per **plotter** cartografici compatibili con tecnologia Max. Zona di copertura "Local" a scelta del cliente. Viene venduta in formato micro, ma con adattatore al formato SD standard.

Negli ultimi 25 anni, più di un milione di navigatori in tutto il mondo si sono affidati alle carte elettroniche **C-MAP**. Le carte vettoriali **C-MAP** forniscono dettagli di navigazione senza pari e sono compatibili con i chart **plotter** delle principali marche. Le funzioni di navigazione esclusive ed i dati con valore aggiunto rendono le soluzioni **C-MAP** indispensabili.

Prerogative

- Dynamic NavAids - info dettagliate e complete sull'aiuto alla navigazione.
- **Guardian** Alarm - questa funzione scandaglia l'area sottostante la tua imbarcazione verificando la presenza di ostacoli, individuando un potenziale pericolo lungo la rotta.
- Route-Check - un'integrazione della funzione **Guardian** alarm che aumenta la sicurezza indicando eventuali ostacoli lungo la rotta programmata.
